## INSPIRED FOR GOOD

---

**HumanGood** and **Presby's Inspired Life** are excited to announce that we are joining forces to inspire more seniors to live their best lives possible.

Our two organizations will come together in an affiliation to create a united organization with increased competitive advantage, relevance, reach and impact on a national scale. HumanGood and Presby share similar missions as nonprofit, faith-based organizations that are focused on providing exceptional senior living experiences and enhancing the lives of all older adults.

---

Presby's Inspired Life, also known as Presby, has been serving the Philadelphia community for more than 60 years. Presby currently operates three life plan communities and 36 affordable housing communities serving more than 3,000 residents.

HumanGood is California's largest nonprofit provider of senior housing and services and one of the largest organizations of its kind in the nation, serving nearly 10,000 residents in 77 communities across California, Arizona, Nevada, Washington and Idaho.

As a result of the affiliation, the combined organization will become the sixth largest national nonprofit senior living provider and will enhance

performance and care, create more opportunities for team members across a wider network of communities, and provide greater resources for new products, services and communities.

The affiliation is expected to close on June 30, 2019, after which HumanGood CEO John Cochrane will assume leadership of the combined organization. Presby CEO Judee M. Bavaria will continue working with the organization supporting the transition until December 2019.
